ARTIST: Leigh McCarthy

TITLE: The America Trip

Outline of Unrealised Potential

In 1966, Ed Keinholtz proposed the idea for a show titled 'The American Trip' and made a commemorative plaque. On a duck-hunting trip, he had seen the country anew through the eyes of a European, Jean Tinguely. So they decided to do a piece together. Keinholtz wrote, "This tableau will be a collaboration between Jean Tinguely, America and me...Starting from Los Angeles, a friend and I would drive by a car until we are both compelled by a thing, a place, a situation, etc., to do something. I don't know what it will be, what it will be, what it will cost, whether it be animal, vegetable or mineral, or even bigger than a bread box. It might be alive or explosive.
