ARTIST: Len Horsey

TITLE: Git On Yer Horse An Ride, Yer Big Galoot

Outline of Unrealised Potential

The show will consist of a great big screen showing several hours of film. On the film will be a cast of as many people as possible doing their secret, or not so secret impression, one after the other. I do a pretty bad James Stuart myself, but it doesn't have to be oral. It definitely should be visual and maybe with subtitles because some of us may not know Dave from the Red Lion, apart from that no rules. No professional impressionists.

I believe 99% of people have that one special impression that they do when they're pissed, happy, angry, feel threatened, etc.

The trick is to provide the right environment to capture the honest impressionistic moment this can be achieved with a little thought and coercion.

Obviously the participants in the film will depend on who takes the project on. I reckon 100 people minimum would be good viewing.
